

IO Acronyms and Glossary

| Α | |
|---------------|--|
| A&I | Adoption and Implementation |
| ACIP | Advisory Committee on Immunization Practices |
| ACO | Accountable Care Organizations |
| ADT | Admission Discharge Transfer |
| AES | Advanced Encryption Standard |
| AHA | American Hospital Association |
| AHRQ | Agency for Healthcare Research and Quality |
| AIRA | American Immunization Registry Association |
| Арр | Application |
| ARRA | American Recovery and Reinvestment Act |
| ASTHO | Association of States and Territorial Health Officials |
| ASTM | American Society for Testing and Materials |
| ATNA | Audit Trail and Node Authentication |
| AUM | Active User Management |
| В | |
| BAA | Business Associate Agreement |
| BMP | Basic Metabolic Panel |
| С | |
| CA | Certificate Authorities |
| CAH | Critical Access Hospital. Also defined as an eligible rural hospital. |
| CAP | College of American Pathologists |
| CAT | Computed Axial Tomography |
| CBC | Complete Blood Count |
| CCD | Continuity of Care Document |
| C-CDA | Consolidated Clinical Document Architecture |
| CCR | Continuity of Care Record |
| CDA | Clinical Document Architecture |
| CDC | Center for Disease Control and Prevention |
| CDS | Clinical Decision Support |
| Certification | The assessment (and subsequent assertion) made by an organization, once it has |
| | analyzed the quantitative results rendered from testing along with other qualitative |
| | factors, that a complete EHR or EHR module has met all of the applicable |
| | certification criteria adopted by the Secretary of Health and Human Services. |
| Certification | The criteria that establishes the technical capabilities that Certified EHR Technology |
| Criteria | (CEHRT) would need to include, at a minimum, to support the achievement of |
| | Meaningful Use (MU) to Eligible Professionals (EPs), Eligible Hospitals (EHs), and |
| | Critical Access Hospitals (CAHs) under the Medicare and Medicaid EHR Incentive |
| | Programs. |
| Certification | The ONC Certification Program provides a defined process to ensure that EHR |
| Program | technologies meet the adopted standards, certification criteria, and other technical |
| | requirements to achieve Meaningful Use (MU). |
| CEHRT | Certified Electronic Health Record Technology |

| , | |
|-------------------|---|
| CFR | Code of Federal Regulations |
| CLIA | Clinical Laboratory Improvement Amendments |
| CM | Clinical Modification |
| CMS | Centers for Medicare and Medicaid Services |
| COC | Commission on Cancer |
| CPT-4 | Current Procedural Terminology, Fourth Edition |
| CQM | Clinical Quality Measure |
| CSTE | Council of State and Territorial Epidemiologists |
| CVX | Vaccine Administered |
| D | |
| DNS | Domain Name Service |
| DoD | Department of Defense |
| DSTU | Draft Standard for Trial Use |
| DTaP | Diphtheria, Tetanus, Pertussis |
| E | |
| EBC | Electronic Birth Certificate |
| ebXML | Electronic Business XML |
| ED | Emergency Department |
| EH | Eligible Hospital |
| eHealth Exchange | The eHealth Exchange (formerly known as the Nationwide Health Information |
| | Network Exchange) is a group of federal agencies and non-federal organizations that came together under a common mission and purpose to improve patient care, streamline disability benefit claims, and improve public health reporting through secure, trusted, and interoperable health information exchange. |
| EHR | Electronic Health Record |
| EHR Certification | Currently adopted certification criteria that establishes the technical capabilities |
| Criteria, 2011 | and specifies the related standards and implementation specifications that Certified |
| Edition | EHR Technology (CEHRT) needs to include, at a minimum, to support the |
| | achievement of Meaningful Use (MU) by Eligible Professionals (EPs), Eligible |
| | Hospitals (EHs), and Critical Access Hospitals (CAHs) under the EHR Incentive |
| | Programs. |
| EHR Certification | Certification criteria that establishes the technical capabilities and specify the |
| Criteria, 2014 | related standards and implementation specifications that Certified EHR Technology |
| Edition | (CEHRT) will need to include, at minimum, to support the achievement of |
| | Meaningful Use (MU) by Eligible Professionals (EPs), Eligible Hospitals (EHs), and |
| | Critical Access Hospitals (CAHs) under the EHR Incentive Programs beginning with |
| | EHR reporting periods in FY/CY 2014. |
| EKG | Electrocardiogram |
| ELR | Electronic Lab Reporting |
| EMR | Electronic Medical Record |
| EP | Flicible Dunides |
| F | Eligible Provider |
| | Eligible Provider |
| FAQ | Frequently Asked Questions |
| _ | |
| FAQ | Frequently Asked Questions |

| G | |
|--------------|---|
| GI | Gastrointestinal Illness |
| GP | General Practitioner |
| Н | |
| НВОТ | Hyperbaric Oxygen Therapy |
| HCPCS | Health Care Financing Administration Common Procedure Coding System |
| HDL | High Density Lipoprotein |
| HEBP | Hepatitis B |
| HHC | Home Health Care |
| HHS | Department of Health and Human Services |
| HIB | Haemophilus Influenza Type B |
| HIE | Health Information Exchange |
| HIO | Health Information Organization |
| HIPAA | Health Insurance Portability and Accountability Act. Also defined as the Act that provides federal protections for personal health information held by covered entities and gives patients an array of rights with respect to that information. |
| HIS | Hospital Information System |
| HISP | Health Information Service Provider |
| HIT | Health Information Technology |
| HITECH Act | Enacted as part of the American Recovery and Reinvestment Act of 2009, the Health |
| 111126117100 | Information Technology for Economic and Clinical Health (HITECH) Act was signed into law on February 17, 2009, to promote the adoption and meaningful use of |
| | health information technology. |
| HITPC | Health Information Technology Policy Committee |
| HITRC | Health Information Technology Research Center |
| HITSP | Health Information Technology Standards Panel |
| HL7 | Health Level Seven (HL7), is a non-profit organization involved in the development |
| | of international healthcare informatics interoperability standards. "HL7" also refers |
| | to some of the specific standards created by the organization (e.g., HL7 v2.x, v3.0, |
| | HL7 Refernece Information Model (RIM)). |
| HTTPS | Hypertext Transfer Protocol Secure |
| 1 | |
| ICD-9 | International Classification of Diseases, Ninth Revision |
| ICD-9-CM | International Classification of Diseases, Ninth Revision, Clinical Modification |
| ICD-10-CM | International Classification of Diseases, Tenth Revision, Clinical Modification |
| ICD-10-PCS | The International Classification of Disease, Tenth Revision, Procedure Coding System |
| I&D | Incision and Drainage |
| IDN | Integrated Delivery Network |
| IHE | Integrating the Health Enterprise |
| IHTSDO | International Health Terminology Standards Development Organization |
| IIS | Immunization Information Systems |
| IOM | Institute of Medicine |
| ISDH | Indiana State Department of Health |
| ISDS | International Society for Disease Surveillance |
| IT | Information Technology |

| K | |
|----------------|---|
| KSN | Knowledge Sharing Network |
| L | |
| LDAP | Lightweight Directory Access Protocol |
| LDL | Low Density Lipoprotein |
| LIC | Lab Interoperability Cooperative |
| LIS | Laboratory Information System |
| LMS | Learning Management System |
| LOINC | Logical Observation Identifiers, Names and Codes |
| LLP | Lower Layer Protocol |
| LRI IG | HL7 Version 2.5.1 Implementation Guide: S&I Framework Lab Results Interface |
| LTC | Long-Term Care |
| M | |
| MBDR | Michigan Birth Defects Registry |
| Meaningful Use | Sets specific objectives that Eligible Professionals (EPs) and Eligible Hospitals (EHs) |
| | must achieve to qualify for the CMS EHR Incentive Programs. Simply put, |
| | Meaningful Use (MU) means providers need to show they are using Certified EHR |
| | Technology (CEHRT) in ways that can be measured significantly in quality and in |
| | quantity. |
| MiHIN | Michigan Health Information Network |
| MIME | Multipurpose Internet Mail Extensions |
| MLLP | Minimal Lower Layer Protocol |
| MMR | Measles, Mumps, Rubella |
| MRSA | Methicillin-Resistant Staphylococcus Aureus |
| MU | Meaningful Use |
| N | |
| NAACCR | North American Association of Central Cancer Registries |
| NACCHO | National Association of County and City Health Officials |
| NARMS | National Antimicrobial Resistance Monitoring System |
| NBDPN | National Birth Defects Prevention Network |
| NCI | National Cancer Institute |
| NCPDP | National Council for Prescription Drug Programs |
| NCIRD | National Center of Immunization and Respiratory Diseases |
| NCMT | Notifiable Condition Mapping Tables |
| NIST | National Institute of Standards and Technology |
| NLC | National Learning Consortium |
| NPCR | National Program of Cancer Registries |
| NQS | National Quality Strategy |
| NwHIN | Nationwide Health Information Network (see also eHealth Exchange) |
